

This Information Statement does not constitute an offer or invitation by anyone in any jurisdiction in which such offer is not authorized or to any person to whom it is unlawful to make such offer or invitation.

In Canada, the offering and sale of the Notes may be subject to restrictions within any particular province or territory. The Notes may not be offered or sold in any jurisdiction outside of Canada except in circumstances which do not constitute a public offering or distribution under the laws of the jurisdiction where the Notes are to be offered or sold. Royal Bank and the selling agents require persons into whose possession this Information Statement comes to inform themselves of and observe any and all such restrictions. In particular, the Notes have not been and will not be registered under the Securities Act of 1933 (United States) and may not be offered or sold within the United States or to, or for the account or benefit of, United States persons except in certain transactions exempt from the registration requirements of the Securities Act of 1933 (United States). No securities commission or similar authority has in any way passed upon the merits of the Notes and any representation to the contrary may be an offence.

Royal Bank of Canada

RBC Principal Protected Solactive Canada Index Equal Weight Basket Linked LEOS® (CAD), Series 30

SUMMARY

The following is a summary of the basic terms of the Royal Bank of Canada deposit notes called “RBC Principal Protected Solactive Canada Index Equal Weight Basket Linked LEOS® (CAD), Series 30” (individually a “**Note**” and collectively the “**Notes**”). All references to the Notes and to a Note contained in this Information Statement will include the Global Note (as defined herein). Unless otherwise indicated, references to “\$” are to **Canadian dollars**. Capitalized terms which are not otherwise defined herein are defined under “Definitions”. LEOS® is a registered trademark of Royal Bank of Canada.

Issuer: Royal Bank of Canada (“**Royal Bank**”, “**we**”, “**our**” or “**us**”). Our head office is located at 200 Bay Street, Toronto, Ontario, M5J 2J5.

Fundserv Code: RBC12961

Underlying Indices: Variable return on the Notes (“**Variable Return**”) will be determined by reference to the performance of a notional index portfolio (the “**Portfolio**”) consisting of the underlying indices (each, an “**Underlying Index**” and collectively, the “**Underlying Indices**”) referenced below. The Underlying Indices will be equally weighted in the Portfolio (the “**Component Weight**”) on the Initial Valuation Date. Such weightings will not be adjusted or rebalanced during the term of the Notes.

Each of the Underlying Indices are adjusted return indices which aim to track the gross total return performance of their respective target index referenced below (each a “**Target Index**” and collectively, the “**Target Indices**”) subject to a reduction of a synthetic dividend based on the respective Target Index’s fixed number of index points per annum (the “**Adjusted Return Factors**”). Each of the Target Indices is a gross total return index that reflects the price changes of its constituent securities referenced below and the reinvestment in the index of any dividends and distributions paid in respect of such constituent securities (each a “**Constituent Security**” and collectively, the “**Constituent Securities**”). **For the avoidance of doubt, Variable Return on the Notes is linked to the Portfolio, which consists of the Underlying Indices and is not linked to the Target Indices or the Constituent Securities.**

Solactive Bank of Nova Scotia AR 4.24 Index	SOBNS424 Index	BNS GTR Index	SOBNSGTR Index	The Bank of Nova Scotia

The Notes do not represent an interest in the Underlying Indices, Target Indices or in the Constituent Securities, and holders will have no right or entitlement to such Constituent Securities including, without

limitation, redemption rights (if any), voting rights or rights to receive dividends or other distributions paid on such Constituent Securities.

The annual dividend yield on an equally-weighted portfolio of the Target Indices as of May 15, 2025 was 6.814%, representing an aggregate dividend yield of approximately 39.040% compounded annually over the five year term, on the assumption that the dividend yield remains constant. There is no requirement for Royal Bank to hold any interest in the Underlying Indices, Target Indices or in the Constituent Securities. For further information on the Underlying Indices and Target Indices, see “*Summary Information Regarding the Underlying Indices and Target Indices*”.

Component Weight:	The Component Weight for each Underlying Index will be 16.667%.
Issue Date:	On or about June 18, 2025
Initial Valuation Date:	June 12, 2025
Final Valuation Date:	June 12, 2030
Maturity Date and Term:	On or about June 17, 2030, resulting in a term to maturity of approximately 5 years. The Principal Amount will only be payable at maturity. For further information, see “ <i>Payments Under the Notes</i> ”.
Payment Amount:	The amount payable on each Note upon maturity (the “ Payment Amount ”) will be equal to the sum of (a) the Principal Amount of the Note, plus (b) the Variable Return, if any. The amount and method of determining Variable Return and the timing of the payment of Variable Return, if any, may be affected by certain Extraordinary Events. In all cases, the Principal Amount will only be payable at maturity. For further information, see “ <i>Payments Under the Notes</i> ”.
Variable Return:	The Variable Return, if any, on each Note upon maturity will be an amount equal to the Principal Amount multiplied by the Percentage Change multiplied by the Participation Rate. The Variable Return, if any, will not be less than zero. There is no limit on the downside performance of each Underlying Index. Therefore, sufficiently weak performance by some of the Underlying Indices can be sufficient to offset the positive performance of the remaining Underlying Indices, resulting in the possibility of no Variable Return being paid at maturity.
Percentage Change:	The Percentage Change for the Portfolio will equal the sum of the Weighted Component Changes (positive and negative) for the Underlying Indices, expressed as a percentage and rounded to three decimal places. The “Weighted Component Change” for an Underlying Index will be a number, expressed as a percentage, equal to:

$$\text{Component Weight} \times \text{Underlying Index Level Change}$$

Where: “**Underlying Index Level Change**” will be equal to:

$$\frac{(\text{Settlement Level} - \text{Base Level})}{\text{Base Level}}$$

If the sum of the Weighted Component Changes is a negative number, then the Percentage Change will be deemed to be zero.

Base Level:	Except in circumstances described below under “ <i>Payments Under the Notes – Extraordinary Events</i> ”, the Base Level of an Underlying Index is the official closing level of such Underlying Index, as published by Solactive AG (the “ Index Sponsor ”), on the Initial Valuation Date, rounded to two decimal places.
Settlement Level:	The Settlement Level of an Underlying Index will be the official closing level (or deemed closing level, as the case may be) of such Underlying Index, as published by the Index Sponsor, on the Final Valuation Date, rounded to two decimal places. If any such day is not an Exchange Day for the Underlying Indices, the Final Valuation Date will be the next following Exchange Day. The determination of the Settlement Levels for the Underlying Indices may be subject to acceleration or postponement upon the occurrence of certain Extraordinary Events described below under “ <i>Payments Under the Notes – Extraordinary Events</i> ”.

Participation Rate:	The Participation Rate will be equal to 245.00%.
Extraordinary Events:	An Extraordinary Event is an event that could have an impact on our ability to perform our obligations under the Notes or to hedge our position in respect of our obligation to make payments under the Notes. An Extraordinary Event could include, among other things, the suspension of or a limitation on trading on any applicable Principal Exchange or Related Exchange, or in securities of entities that comprise 20% or more of the Target Index; any court or governmental order prohibiting us from performing our obligations; or any governmental action that has a material adverse effect on relevant financial markets. An Extraordinary Event may delay the time at which the Percentage Change is determined in respect of one or more of the Underlying Indices, and delay the time of any related return payment and may allow us the option of crystallizing the amount of return payable and (if positive) paying such amount as a single, one-time final payment of an Alternative Variable Return, in which case no further return would be payable for or in respect of the remaining term of the Notes. See “ <i>Payments Under the Notes – Extraordinary Events</i> ”.
Eligibility for Investment:	The Notes, if issued on the date of this Information Statement, would be qualified investments for trusts governed by registered retirement savings plans, registered disability savings plans, first home savings accounts, registered education savings plans, registered retirement income funds, tax-free savings accounts and deferred profit sharing plans within the meaning of the Income Tax Act (Canada) (other than a deferred profit sharing plan to which payments are made by Royal Bank or a corporation or partnership with which Royal Bank does not deal at arm’s length). See “ <i>Canadian Federal Income Tax Considerations – Eligibility for Investment</i> ”, including the summary of the “prohibited investment” rules.
No Early Redemption:	The Notes will not be redeemable by Royal Bank before the Maturity Date.
Risk Factors:	The Notes provide opportunities but may pose risks. You should carefully consider the risks involved in purchasing Notes before reaching a decision and you should discuss with your advisors the suitability of purchasing Notes in light of your particular investment objectives and after reviewing all available information, including the risk factors described at “ <i>Risk Factors</i> ”.
Suitability for Investment Purposes:	Investors should consult with their advisors regarding the suitability of an investment in the Notes. For further information see “ <i>Related Matters - Suitability for Investment Purposes</i> ”.
Secondary Market:	The Notes will not be listed on any stock exchange and there is no assurance that a secondary market for Notes will develop or be sustainable. RBC DS may, from time to time, purchase and sell Notes, but will not be obligated to do so. If RBC DS determines, in its sole discretion, to stop facilitating a secondary market for the Notes, holders of Notes may not be able to resell their Notes. If RBC DS offers to purchase Notes in connection with a secondary market transaction, there is no assurance that the purchase price will be the highest possible price available in any secondary market for the Notes and, in particular, any purchase price will be reduced by up to 3.00% of the Principal Amount if the Noteholder sells Notes within 180 days of the Issue Date due to an Early Trading Charge. The resale price of Notes could be below the \$100.00 Principal Amount per Note. Resales of the Notes in any secondary market will be effected through Fundserv and will be subject to certain procedures, requirements and limitations relating to Fundserv. For further information, see “<i>Related Matters - Resale of Notes Through Fundserv</i>”.
Notes non-CDIC Protected:	The Notes will not constitute deposits that are insured under the <i>Canada Deposit Insurance Corporation Act</i> .
Right of Cancellation:	An initial purchaser will have the right to cancel any order to buy Notes within two Business Days after the later of (i) the day on which the agreement to purchase the Notes is entered into and (ii) the day on which this Information Statement is provided to the initial purchaser. Upon cancellation of the order, the initial purchaser is entitled to a refund of the Principal Amount and any fees relating to the purchase that they may have paid. This right to cancel a purchase order does not extend to investors buying a Note in any secondary market. An initial purchaser of the Notes may cancel their purchase order by calling their investment advisor or RBC DS at (800) 280-4434.
Fees and Expenses:	Selling agents who sell the Notes will receive, from our own funds, an initial selling commission of 2.50% of the Principal Amount of each Note sold. This fee will not reduce the amount of return payable

on the Notes. If an Extraordinary Event occurs, we may incur expenses unwinding any hedge position in respect of our obligation to make payments under the Notes, which could reduce the amount of return otherwise payable on the Notes. For further information, see “*Related Matters – Fees and Expenses*”.

Availability of Information: Detailed information about the Notes, including a copy of this Information Statement, will be posted on Royal Bank’s structured notes website at www.rbcnotes.com and will be provided in writing on request from RBC DS at (800) 280-4434.

Certain additional information regarding the Notes will also be provided on an ongoing basis at www.rbcnotes.com, including (i) the most recent bid price for the Notes and any applicable Early Trading Charge and/or (ii) the last available measure that would be used to determine the Variable Return.

Such information will also be available from your investment advisor.

Deferred Payment: Federal laws of Canada prohibit lenders from entering into an agreement or arrangement to receive interest at an annual percentage rate of interest, calculated in accordance with generally accepted actuarial practices and principles, exceeding 35% of the credit advanced under the agreement or arrangement. This prohibition may not apply, depending on the amount of the credit advanced and, in certain circumstances, the annual percentage rate of interest received by the lender/investor on such credit advanced. To the extent permitted by law, Royal Bank will not voluntarily claim the benefits of any laws concerning usurious rates of interest. If not permitted by law to do so, when any payment is to be made by Royal Bank to a holder of the Notes, payment of a portion of such amount may be deferred to ensure compliance with such laws, if applicable.

SAMPLE CALCULATIONS OF THE PAYMENT AMOUNT

The examples set out below are included for illustration purposes only. The levels of the Underlying Indices included in the Portfolio used to illustrate the calculation of the Variable Return are not estimates or forecasts of the Base Levels or Settlement Levels of the Underlying Indices on which the calculation of the Percentage Change, and in turn Variable Return, will depend. All examples assume that a Noteholder has purchased Notes with an aggregate principal amount of \$10,000 and that no Extraordinary Event has occurred.

Example #1 — Hypothetical calculation of the Payment Amount where the Percentage Change for the Portfolio is positive. It is assumed that the Base Levels and the Settlement Levels for the Underlying Indices are as illustrated below (hypothetical). The Payment Amount would be calculated as follows:

Underlying Index	Symbol	Base Level	Settlement Level	Underlying Index Level Change	Component Weight	Weighted Component Change
Solactive BCE AR 3.99 Index	SOBCE399 Index	30.10	46.46	54.35%	16.667%	9.059%
Solactive EMA AR 2.87 Index	SOEMA287 Index	60.00	94.85	58.08%	16.667%	9.680%
Solactive TD AR 4.08 Index	SOLTD408 Index	90.87	148.93	63.89%	16.667%	10.649%
Solactive TC Energy AR 3.84 Index	SOTRP384 Index	76.48	117.96	54.24%	16.667%	9.040%
Solactive TELUS AR 1.6092 Index	SOT16092 Index	21.58	34.99	62.14%	16.667%	10.357%
Solactive Bank of Nova Scotia AR 4.24 Index	SOBNS424 Index	71.75	120.03	67.29%	16.667%	11.215%
Sum of the Weighted Component Changes						60.000%
Percentage Change						60.000%

Sum of the Weighted Component Changes = 60.000%

Percentage Change = 60.000%

Participation Rate = 245.00%

Variable Return = \$10,000.00 × 60.000% × 245.00% = \$14,700.00

Payment Amount = \$10,000.00 + \$14,700.00 = \$24,700.00

In this example, a sum of the Weighted Component Changes of 60.000% results in a Percentage Change of 60.000% and a Payment Amount of \$24,700.00, which is equivalent to an annually compounded rate of return of 19.82%.

Example #2 — Hypothetical calculation of the Payment Amount where the Percentage Change is deemed to be zero. It is assumed that the Base Levels and the Settlement Levels for the Underlying Indices are as illustrated below (hypothetical). The Payment Amount would be calculated as follows:

Underlying Index	Symbol	Base Level	Settlement Level	Underlying Index Level Change	Component Weight	Weighted Component Change
Solactive BCE AR 3.99 Index	SOBCE399 Index	30.10	12.03	-60.03%	16.667%	-10.005%
Solactive EMA AR 2.87 Index	SOEMA287 Index	60.00	22.86	-61.90%	16.667%	-10.317%
Solactive TD AR 4.08 Index	SOLTD408 Index	90.87	38.27	-57.88%	16.667%	-9.647%
Solactive TC Energy AR 3.84 Index	SOTRP384 Index	76.48	28.02	-63.36%	16.667%	-10.560%
Solactive TELUS AR 1.6092 Index	SOT16092 Index	21.58	8.59	-60.19%	16.667%	-10.032%

Solactive Bank of Nova Scotia AR 4.24 Index	SOBNS424 Index	71.75	31.12	-56.63%	16.667%	-9.439%
Sum of the Weighted Component Changes						-60.000%
Percentage Change						0.000%

Sum of the Weighted Component Changes = -60.000%

Percentage Change = 0.000%

Participation Rate = 245.00%

Variable Return = \$10,000.00 × 0.000% × 245.00% = \$0.00

Payment Amount = \$10,000.00 + \$0.00 = \$10,000.00

In this example, a sum of the Weighted Component Changes of -60.000% results in a Percentage Change deemed to be zero and a Payment Amount of \$10,000.00, which is equivalent to an annually compounded rate of return of 0.00%.

SUMMARY INFORMATION REGARDING THE UNDERLYING INDICES AND THE TARGET INDICES

Solactive BCE AR 3.99 Index

The Solactive BCE AR 3.99 Index was first launched and published on February 28, 2024. It is an adjusted return index that aims to track the gross total return performance of the Target Index, subject to a reduction of a synthetic dividend of 3.99 index points per annum calculated monthly in arrears.

Solactive BCE GTR Index

The Solactive BCE GTR Index was first launched and published on September 5, 2023. It is a gross total return index that reflects the price changes of its Constituent Securities and the reinvestment in the index of any dividends and distributions paid in respect of such Constituent Securities. For the calculation of the level of the Target Index, any dividends or other distributions paid on the Constituent Securities of the Target Index are assumed to be reinvested on the Constituent Securities of the Target Index. The Target Index is subject to adjustments in compliance with the rules of the Index Sponsor. For further details regarding these adjustments and the methodology for the Target Index, refer to the Index Sponsor's website at www.solactive.com. As of May 15, 2025, the annual dividend yield on the Solactive BCE GTR Index was 13.212% representing an aggregate dividend yield of approximately 85.978% compounded annually over the term of the Notes, on the assumption that the dividend yield remains constant.

Constituent Securities of the Solactive BCE GTR Index

The only Constituent Securities in the Target Index are the common shares of BCE Inc. BCE Inc. provides a full range of communication services to residential and business customers in Canada. BCE Inc.'s services include local, long distance and wireless phone services, high speed and wireless Internet access, IP-broadband services, value-added business solutions and direct-to-home satellite and VDSL television services. BCE Inc.'s common shares are listed on the TSX under the symbol "BCE".

There can be no guarantee that the Constituent Securities of the Target Index or any component thereof will maintain their current level of capitalization or continue to operate their business with emphasis on the areas indicated. Historical performance is representative of historical performance only and is not indicative of, or a representation of, future performance.

Solactive EMA AR 2.87 Index

The Solactive EMA AR 2.87 Index was first launched and published on February 28, 2024. It is an adjusted return index that aims to track the gross total return performance of the Target Index, subject to a reduction of a synthetic dividend of 2.87 index points per annum calculated monthly in arrears.

Solactive EMA GTR Index

The Solactive EMA GTR Index was first launched and published on February 28, 2024. It is a gross total return index that reflects the price changes of its Constituent Securities and the reinvestment in the index of any dividends and distributions paid in respect of such Constituent Securities. For the calculation of the level of the Target Index, any dividends or other distributions paid on the Constituent Securities of the Target Index are assumed to be reinvested on the Constituent Securities of the Target Index. The Target Index is subject to adjustments in compliance with the rules of the Index Sponsor. For further details regarding these adjustments and the methodology for the Target Index, refer to the Index Sponsor's website at www.solactive.com. As of May 15, 2025, the annual dividend yield on the Solactive EMA GTR Index was 4.817% representing an aggregate dividend yield of approximately 26.520% compounded annually over the term of the Notes, on the assumption that the dividend yield remains constant.

Constituent Securities of the Solactive EMA GTR Index

The only Constituent Securities in the Target Index are the common shares of Emera Inc. Emera Inc. is an energy and services holding company serving customers in Canada, the United States and the Caribbean. Emera Inc.'s common shares are listed on the TSX under the symbol "EMA".

There can be no guarantee that the Constituent Securities of the Target Index or any component thereof will maintain their current level of capitalization or continue to operate their business with emphasis on the areas indicated. Historical performance is representative of historical performance only and is not indicative of, or a representation of, future performance.

Solactive TD AR 4.08 Index

The Solactive TD AR 4.08 Index was first launched and published on February 28, 2024. It is an adjusted return index that aims to track the gross total return performance of the Target Index, subject to a reduction of a synthetic dividend of 4.08 index points per annum calculated monthly in arrears.

Solactive TD GTR Index

The Solactive TD GTR Index was first launched and published on September 5, 2023. It is a gross total return index that reflects the price changes of its Constituent Securities and the reinvestment in the index of any dividends and distributions paid in respect of such Constituent Securities. For the calculation of the level of the Target Index, any dividends or other distributions paid on the Constituent Securities of the Target Index are assumed to be reinvested on the Constituent Securities of the Target Index. The Target Index is subject to adjustments in compliance with the rules of the Index Sponsor. For further details regarding these adjustments and the methodology for the Target Index, refer to the Index Sponsor's website at www.solactive.com. As of May 15, 2025, the annual dividend yield on the Solactive TD GTR Index was 4.564% representing an aggregate dividend yield of approximately 25.000% compounded annually over the term of the Notes, on the assumption that the dividend yield remains constant.

Constituent Securities of the Solactive TD GTR Index

The only Constituent Securities in the Target Index are the common shares of The Toronto-Dominion Bank. The Toronto-Dominion Bank is a Canadian multinational banking and financial services corporation. The Toronto-Dominion Bank's common shares are listed on the TSX under the symbol "TD".

There can be no guarantee that the Constituent Securities of the Target Index or any component thereof will maintain their current level of capitalization or continue to operate their business with emphasis on the areas indicated. Historical performance is representative of historical performance only and is not indicative of, or a representation of, future performance.

Solactive TC Energy AR 3.84 Index

The Solactive TC Energy AR 3.84 Index was first launched and published on February 28, 2024. It is an adjusted return index that aims to track the gross total return performance of the Target Index, subject to a reduction of a synthetic dividend of 3.84 index points per annum calculated monthly in arrears.

Solactive TC Energy GTR Index

The Solactive TC Energy GTR Index was first launched and published on September 5, 2023. It is a gross total return index that reflects the price changes of its Constituent Securities and the reinvestment in the index of any dividends and distributions paid in respect of such Constituent Securities. For the calculation of the level of the Target Index, any dividends or other distributions paid on the Constituent Securities of the Target Index are assumed to be reinvested on the Constituent Securities of the Target Index. The Target Index is subject to adjustments in compliance with the rules of the Index Sponsor. For further details regarding these adjustments and the methodology for the Target Index, refer to the Index Sponsor's website at www.solactive.com. As of May 15, 2025, the annual dividend yield on the Solactive TC Energy GTR Index was 5.156% representing an aggregate dividend yield of approximately 28.579% compounded annually over the term of the Notes, on the assumption that the dividend yield remains constant.

Constituent Securities of the Solactive TC Energy GTR Index

The only Constituent Securities in the Target Index are the common shares of TC Energy Corporation. TC Energy Corporation develops and operates energy infrastructure in Canada, the United States and Mexico. TC Energy Corporation's common shares are listed on the TSX under the symbol "TRP".

There can be no guarantee that the Constituent Securities of the Target Index or any component thereof will maintain their current level of capitalization or continue to operate their business with emphasis on the areas indicated. Historical performance is representative of historical performance only and is not indicative of, or a representation of, future performance.

Solactive TELUS AR 1.6092 Index

The Solactive TELUS AR 1.6092 Index was first launched and published on December 17, 2024. It is an adjusted return index that aims to track the gross total return performance of the Target Index, subject to a reduction of a synthetic dividend of 1.6092 index points per annum calculated monthly in arrears.

Solactive TELUS GTR Index

The Solactive TELUS GTR Index was first launched and published on September 5, 2023. It is a gross total return index that reflects the price changes of its Constituent Securities and the reinvestment in the index of any dividends and distributions paid in respect of such Constituent Securities. For the calculation of the level of the Target Index, any dividends or other distributions paid on the Constituent Securities of the Target Index are assumed to be reinvested on the Constituent Securities of the Target Index. The Target Index is subject to adjustments in compliance with the rules of the Index Sponsor. For further details regarding these adjustments and the methodology for the Target Index, refer to the Index Sponsor's website at www.solactive.com. As of May 15, 2025, the annual dividend yield on the Solactive TELUS GTR Index was 7.227% representing an aggregate dividend yield of approximately 41.749% compounded annually over the term of the Notes, on the assumption that the dividend yield remains constant.

Constituent Securities of the Solactive TELUS GTR Index

The only Constituent Securities in the Target Index are the common shares of TELUS Corporation. TELUS Corporation provides a range of telecommunications and information technology products and services in Canada. Telus Corporation's common shares are listed on the TSX under the symbol "T".

There can be no guarantee that the Constituent Securities of the Target Index or any component thereof will maintain their current level of capitalization or continue to operate their business with emphasis on the areas indicated. Historical performance is representative of historical performance only and is not indicative of, or a representation of, future performance.

Solactive Bank of Nova Scotia AR 4.24 Index

The Solactive Bank of Nova Scotia AR 4.24 Index was first launched and published on February 28, 2024. It is an adjusted return index that aims to track the gross total return performance of the Target Index, subject to a reduction of a synthetic dividend of 4.24 index points per annum calculated monthly in arrears.

BNS GTR Index

The BNS GTR Index was first launched and published on March 22, 2022. It is a gross total return index that reflects the price changes of its Constituent Securities and the reinvestment in the index of any dividends and distributions paid in respect of such Constituent Securities. For the calculation of the level of the Target Index, any dividends or other distributions paid on the Constituent Securities of the Target Index are assumed to be reinvested on the Constituent Securities of the Target Index. The Target Index is subject to adjustments in compliance with the rules of the Index Sponsor. For further details regarding these adjustments and the methodology for the Target Index, refer to the Index Sponsor's website at www.solactive.com. As of May 15, 2025, the annual dividend yield on the BNS GTR Index was 5.907% representing an aggregate dividend yield of approximately 33.237% compounded annually over the term of the Notes, on the assumption that the dividend yield remains constant.

Constituent Securities of the BNS GTR Index

The only Constituent Securities in the Target Index are the common shares of The Bank of Nova Scotia. The Bank of Nova Scotia provides retail, commercial, international, corporate, investment and private banking services and products. The Bank of Nova Scotia's common shares are listed on the TSX under the symbol "BNS".

There can be no guarantee that the Constituent Securities of the Target Index or any component thereof will maintain their current level of capitalization or continue to operate their business with emphasis on the areas indicated. Historical performance is representative of historical performance only and is not indicative of, or a representation of, future performance.

License Agreement and Disclaimer

All information contained in this Information Statement regarding the Underlying Indices and the Target Indices, including, without limitation, the make-up, performance, method of calculation and changes in their respective Constituent Securities, has been derived from publicly available sources without independent verification. Such information reflects the policies of and is subject to change by the Index Sponsor. Royal Bank makes no representation or warranty as to the accuracy or completeness of such information. The Index Sponsor independently calculates, maintains and publishes the Underlying Indices and the Target Indices. The Index Sponsor has no obligation to continue to publish, and may discontinue publication of, any one or more of the Underlying Indices or Target Indices. The Index Sponsor has no obligation relating to the Notes or amounts to be paid to an investor, including any obligation to take the needs of Royal Bank or the beneficial owners of the Notes into consideration for any reason. The Index Sponsor will not receive any of the proceeds of the offering of the Notes, is not responsible for and has not participated in, the offering of the Notes nor is it responsible for, nor will it participate in, the determination or calculation of the amount receivable by beneficial owners of the Notes. The Index Sponsor makes no representation or warranty, express or implied, regarding the advisability of investing in securities generally or the Notes in particular. Neither the Index Sponsor nor any of its affiliates are involved in the operation or distribution of the Notes and neither the Index Sponsor nor its affiliates shall have any liability for operation or distribution of the Notes or the failure of the Notes to achieve their investment objective.

The Index Sponsor is not related to Royal Bank. The Index Sponsor and Royal Bank have entered into a license agreement providing Royal Bank, in exchange for a fee, with the right to use the Underlying Indices in connection with the Notes. The Index Sponsor does not guarantee the accuracy or completeness of the Underlying Indices or the Target Indices, any data included therein, or any data from which it is derived, and the Index Sponsor has no liability for any errors, omissions, or interruptions therein. The Index Sponsor does not make any warranty, express or implied, as to results to be obtained from use of information provided by the Index Sponsor in respect of the Underlying Indices or the Target Indices and the Index Sponsor expressly disclaims all warranties of suitability with respect thereto.

The Underlying Indices and the Target Indices are calculated by the Index Sponsor. The Notes are not sponsored, promoted, sold or supported in any other manner by the Index Sponsor nor does the Index Sponsor offer any express or implicit guarantee or assurance either with regard to the results of using the Underlying Indices and/or Underlying Indices trademarks or the closing levels at any time or in any other respect. The Underlying Indices and the Target Indices are calculated and published by the Index Sponsor. The Index Sponsor uses its best efforts to ensure that the Underlying Indices and the Target Indices are calculated correctly. Irrespective of its obligations towards Royal Bank, the Index Sponsor has no obligation to point out errors in the Underlying Indices or the Target Indices to third parties including but not limited to investors and/or financial intermediaries of the Notes. Neither publication of the Underlying Indices and Target Indices by the Index Sponsor nor the use of the Underlying Indices or the Underlying Indices trademarks for the purpose of use in connection with the Notes constitutes a recommendation by the Index Sponsor to invest capital in the Notes nor does it in any way represent an assurance or opinion of the Index Sponsor with regard to any investment in the Notes.

The name “Solactive” is a registered trademark of the Index Sponsor. The Index Sponsor is registered with and regulated by the German Federal Financial Supervisory Authority.

PAYMENTS UNDER THE NOTES

The following is a summary description of the basis for the calculation of the amount payable under the Notes.

Payment Amount on Maturity

A Noteholder's payment entitlement at maturity or "**Payment Amount**" will be calculated by us or by the Calculation Agent based on the following formula:

$$\text{Payment Amount} = \text{Principal Amount} + \text{Variable Return}$$

Alternatively, in certain circumstances Alternative Variable Return may be determined and, if positive, be payable prior to maturity. In such circumstances no Variable Return will be payable at maturity. This possibility is described below under "Extraordinary Events – Payment Due to an Extraordinary Event".

Calculation of Variable Return

"**Participation Rate**" will be 245.00%.

"**Variable Return**" payable on a Note will be an amount (if any), not less than zero, calculated based on the following formula:

$$\text{Variable Return} = \text{Principal Amount} \times \text{Percentage Change} \times \text{Participation Rate}$$

In no event will Variable Return, if any, be less than zero. Variable Return will represent the return on the Notes for the entire period that the Notes are issued and outstanding. Once finally determined, Variable Return in respect of each day during which the Notes are outstanding will be the total Variable Return divided by the number of days the Notes are outstanding.

Calculation of Percentage Change of the Portfolio

The "**Percentage Change**" of the Portfolio will equal the sum of the Weighted Component Changes (positive and negative) for the Underlying Indices, expressed as a percentage and rounded to three decimal places.

The "**Weighted Component Change**" for an Underlying Index will be a number, expressed as a percentage, equal to:

$$\text{Component Weight} \times \text{Underlying Index Level Change}$$

where "**Underlying Index Level Change**" will be equal to:

$$\frac{(\text{Settlement Level} - \text{Base Level})}{\text{Base Level}}$$

If the sum of the Weighted Component Changes is a negative number, then the Percentage Change will be deemed to be zero.

"**Component Weight**" for each Underlying Index is 16.667%.

"**Base Level**" for an Underlying Index is, subject to a delay in the circumstances described under "– *Extraordinary Events*", the official closing level of such Underlying Index, as published by the Index Sponsor, on the Initial Valuation Date, rounded to two decimal places.

"**Settlement Level**" for an Underlying Index is, subject to a delay or acceleration in the circumstances described under "– *Extraordinary Events*", the official closing level (or deemed closing level, as the case may be) of such Underlying Index, as published by the Index Sponsor, on the Final Valuation Date, rounded to two decimal places. If any such day is not an Exchange Day for the Underlying Indices, the Final Valuation Date will be the next following Exchange Day. The determination of the Settlement Level may be subject to acceleration or postponement upon the occurrence of certain Extraordinary Events described below under "– *Extraordinary Events*".

Extraordinary Events

Payment Due to an Extraordinary Event

If we determine at any time that an Extraordinary Event has occurred and is continuing, and if such Extraordinary Event has continued for at least five consecutive days that would have been Exchange Days but for the occurrence of the Extraordinary Event, then we may, at our

option, elect to determine and, if positive, pay Alternative Variable Return on all, but not part, of the Notes then issued and outstanding effective the close of business on the effective date notice of such election is given by us to the Noteholders.

“Alternative Variable Return” will be equal to the fair and reasonable amount, as determined by Royal Bank or the Calculation Agent, that a person or company (other than Royal Bank or any of its affiliates) that is an active participant in equity markets relevant to the Constituent Securities would pay, taking into account all relevant market circumstances, for a right to receive the return that, but for the occurrence of the Extraordinary Event, would have been payable on the Maturity Date. Calculations and determinations in respect of Alternative Variable Return will, absent manifest error, be final and binding on Noteholders.

Payment of Alternative Variable Return will be made on the later of (a) the tenth Business Day after the effective date notice of the election to pay Alternative Variable Return is given by us through Fundserv, or (b) if any calculation is determined, made or confirmed by the Calculation Agent, the tenth Business Day after such calculation is so determined, made or confirmed.

In such circumstances, the Principal Amount will remain payable only at maturity and Noteholders will have no further entitlement to receive any return on their investment, including in respect of Variable Return.

Delay in Determination of the Base Levels and/or Settlement Levels

If an Extraordinary Event occurs and is continuing on a day scheduled to be a day on which the applicable Base Levels or Settlement Levels is to be determined, then, unless we elect to determine and, if positive, pay the Alternative Variable Return as contemplated under “– *Payment Due to an Extraordinary Event*”, the date on which the applicable Base Levels and/or Settlement Levels will be determined will be the earlier of (a) the next Exchange Day on which there is no such Extraordinary Event and (b) the fifth Exchange Day following the Maturity Date.

If the date on which the applicable Settlement Levels are to be determined is postponed due to an Extraordinary Event, the Variable Return (if any) payable under the Notes will be paid on (a) the first Business Day after such Settlement Level is determined if the levels of the applicable Underlying Indices is calculated or determined by us, or (b) as soon as practicable after such date if the levels of the applicable Underlying Indices is determined or confirmed by the Calculation Agent.

Available Information Respecting Percentage Change

A Noteholder may obtain current information with respect to the amount that would be the Percentage Change of the Portfolio at a point in time from its dealer or financial advisor or by contacting a representative of the Calculation Agent. Such amount will be calculated on the basis described under “– *Calculation of Percentage Change*” as if the date on which the information is provided was the Final Valuation Date.

Neither we nor the Calculation Agent assume responsibility for the accuracy or completeness of such information. We and the Calculation Agent do not, and will not, assume any liability to Noteholders for any calculations or for any actions, including a sale of the Notes, taken by Noteholders in reliance upon our calculations.

METHOD OF PAYMENT

The Principal Amount and Variable Return or Alternative Variable Return, as the case may be, if any, payable under the Notes will be made available at our option by RBC DS (or its delegate on our behalf), either through Fundserv to dealers and financial advisors with clients who hold Notes, or if we in our sole discretion determine, directly to Noteholders. Our responsibility and liability in respect of Notes is limited to making payment of any amount due through RBC DS (or its delegate on our behalf) via Fundserv to dealers and financial advisors with clients who hold Notes. Royal Bank will, directly or indirectly through RBC DS, hold all of the beneficial interests in the Notes for and on behalf of Noteholders or their representatives, as a custodial agent appointed for the purpose of holding such beneficial interests and facilitating certain transactions in respect of the Notes through Fundserv. Royal Bank will appoint RBC DS as its agent (who may delegate its responsibilities, without notice to Noteholders, to, and in reliance upon, third party service providers) to record the respective Noteholders' beneficial interests in the Notes, in each case as may be instructed by the dealers and financial advisors representing such Noteholders in accordance with Fundserv procedures and requirements. Holders of Notes should understand that Royal Bank or RBC DS (or its delegate), as the case may be, will only make such recordings as may be instructed through Fundserv by a Noteholder's dealer or financial advisor and will have no obligation to confirm or take notice of any such instructions, appointments, revocations or any other matters pertaining to, a Noteholder's appointment of, or arrangements with, a dealer or financial advisor. See "*Related Matters – Registration*".

Payments of the Principal Amount and Variable Return or Alternative Variable Return, as the case may be, if any, on Notes issued in definitive form (which will only occur in certain exceptional circumstances) will be made by cheque mailed to the Noteholder at the address of the Noteholder appearing in a register which we will maintain or cause to be maintained or, if requested in writing by the Noteholder at least five Business Days before the date of the payment and agreed to by us, by electronic funds transfer to a bank account designated by the Noteholder with a bank in Canada. Payment under any Note in definitive form is conditional upon the Noteholder first delivering the Note to us.

We reserve the right, in the case of the determination of Alternative Variable Return, to mark on the Global Note or the Notes, if represented in definitive form, as the case may be, that Alternative Variable Return, if any, has been paid in full and only the Principal Amount remains payable at maturity.

Neither we nor the Paying and Transfer Agent will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership of any Notes or for maintaining, supervising or reviewing any records relating to such ownership so long as the Notes are represented by the Global Note.

Neither we nor the Paying and Transfer Agent nor RBC DS, acting as depository for the Notes will be bound to see to the execution of any trust affecting the ownership of any Note or be affected by notice of any equity that may be subsisting with respect to any Note. In relation to Royal Bank's role as custodian in connection with the Notes, we will have no obligation to confirm or take notice of any such instructions, appointments, revocations or any other matters pertaining to a Noteholder's appointment of or arrangements with a dealer or financial advisor or any notices given to or through the Fundserv system.

RELATED MATTERS

The following is a summary of other information relevant to your decision to purchase Notes.

Differences from Fixed Rate Investments

The Notes are different from conventional fixed rate investments. The Notes will not provide Noteholders with a regular income stream prior to maturity and will not provide a return at maturity that is calculated by reference to a fixed or floating rate of interest that is specified prior to maturity. Variable Return on the Notes, if any, unlike the return on many other deposit liabilities of Canadian banks and other fixed rate investments, is uncertain in that if the levels of the Underlying Indices in the Portfolio do not increase over the term of the Notes, no return will be payable on the Notes. There is no assurance that the levels of the Underlying Indices will increase over the term of the Notes and there is therefore no assurance that a Noteholder will receive any amount other than repayment of the Principal Amount at maturity.

The Notes are not suitable for investors who expect to receive a specific return, over the term of the Notes. No assurance can be made that a Noteholder will receive any payment on the Notes other than the repayment of the Principal Amount of each Note at maturity.

Suitability for Investment Purposes

The Notes provide opportunities but also present risks. Investors should consult with their advisors regarding the suitability of an investment in the Notes given their investment objectives. The Notes may be suitable for investors who want to protect their principal investment at maturity, who are looking for the potential to earn an enhanced return over fixed rate investments and who are prepared to assume the risks associated with an investment in the Portfolio, which consists of Underlying Indices that are not price return indices and instead aims to track the gross total return performance of their Target Indices less the Adjusted Return Factors. The Notes are only suitable for investors with a long-term investment horizon who are prepared to hold the Notes until maturity and who do not need or expect to receive regular payments of return over the term of the Notes.

Registration

The Notes will be represented in the form of a fully registered, book-entry only global note (the “**Global Note**”) to be held by or on behalf of Royal Bank in Toronto, Canada as custodian of the Global Note, and registered in the name of RBC DS in Toronto, Canada as depository for the Notes. Except in limited circumstances, purchasers of beneficial interests in the Global Note (the “**Noteholders**”) will not be entitled to receive Notes in definitive form. Rather, the Notes will be represented in book-entry form only.

Holders of Notes will have an indirect beneficial interest in the Global Note. Royal Bank will, directly or indirectly through RBC DS, hold all of the beneficial interests in the Notes for and on behalf of such Noteholders or their representatives, as a custodial agent appointed for the sole purpose of holding such beneficial interests and facilitating certain transactions in respect of the Notes through Fundserv. These arrangements are provided for in agreements between Royal Bank, as custodian, RBC DS and the dealers or financial advisors who represent Noteholders for the purposes of implementing transactions through the Fundserv system. Royal Bank will appoint RBC DS as its agent to record the respective Noteholders’ beneficial interests in the Notes, in each case as may be instructed by the dealers or financial advisors representing such Noteholders in accordance with the Fundserv procedures and requirements. Holders of Notes should understand that Royal Bank and RBC DS will only make such recordings and process such transactions as may be instructed through Fundserv by a dealer or financial advisor recorded under Fundserv as representing the applicable Noteholder and will have no obligation to confirm or take notice of any instructions, appointments, revocations or any other matters pertaining to the Noteholder’s appointment of or arrangements with a dealer or financial advisor purporting to act on his or her behalf or in respect of any notices given to or through the Fundserv system. Transactions involving Notes may only be implemented through Fundserv by dealers or financial advisors that have access to the Fundserv system and have an effective agreement with Royal Bank and RBC DS regarding the specific application of the Fundserv procedures to such transactions. If a Noteholder were to replace or transfer his or her investment accounts to another dealer or financial advisor who did not satisfy such conditions, the Noteholder would be required to sell his or her Notes pursuant to the procedures described under “- *Resale of Notes Through Fundserv*”.

Plan of Distribution

Each Note will be issued at \$100.00, being 100% of the Principal Amount of the Note.

The Notes will be offered from time to time by us through selling agents. We may also sell Notes to a selling agent, acting as principal, for resale to one or more investors at varying prices related to prevailing market prices at the time of such resale to be determined by such selling

agent. We also reserve the right to sell Notes to investors directly on our own behalf in those jurisdictions in which we are authorized to do so. Selling commission and related fees are described under “– Fees and Expenses”.

Any selling agent may from time to time purchase and sell Notes in the secondary market, but is not obligated to do so. There can be no assurance that there will be a secondary market for the Notes. The offering price and other selling terms for such sales in the secondary market may, from time to time, be varied by the relevant selling agent. See “– Resale of Notes Through Fundserv”.

We will have the sole right to accept offers to purchase Notes and may reject any proposed purchase of Notes in whole or in part. A selling agent will have the right, in its discretion reasonably exercised, without notice to us, to reject any offer to purchase Notes received by it in whole or in part.

With respect to a purchase of Notes, the full aggregate Principal Amount of the Notes to be purchased must be delivered by the purchaser’s dealer or financial advisor through Fundserv no later than three Exchange Days prior to the Issue Date.

Despite the delivery of such funds in respect of an offer to purchase Notes, we reserve the right not to accept any such offer. If for any reason Notes are not issued to a person who has delivered such funds, delivered funds will be forthwith returned to the prospective purchaser’s dealer or financial advisor through Fundserv. No interest or other compensation will be paid to the purchaser in respect of delivered funds or to the dealer or financial advisor representing such purchaser.

The Notes may not be offered or sold in any jurisdiction outside of Canada except in circumstances which do not constitute a public offering or distribution under the laws of the jurisdiction where the Notes are to be offered or sold. Royal Bank and the selling agents require persons into whose possession this Information Statement comes to inform themselves of and observe any and all such restrictions. In particular, the Notes have not been and will not be registered under the *Securities Act of 1933* (United States), as amended, and may not be offered or sold within the United States or to, or for the account or benefit of, United States persons except in certain transactions exempt from the registration requirements of the *Securities Act of 1933* (United States), as amended. Terms used in this paragraph have the meanings given to them by Regulation S under the *Securities Act of 1933* (United States), as amended.

Fees and Expenses

We will pay selling agents who sell the Notes, from our own funds, an initial selling commission of 2.50% of the Principal Amount of each Note. This fee will not reduce the amount of return payable on the Notes. If an Extraordinary Event occurs, we may incur expenses unwinding any hedge position in respect of our obligation to make payments under the Notes, which could reduce the amount of return otherwise payable on the Notes.

Unless Notes are sold by us to a selling agent acting as principal, no part of any selling commission or fee paid by us to the selling agent may be reallocated, directly or indirectly, to the purchaser of Notes or to others, and the selling agent will not be entitled to receive any selling commission from any other party in respect of initial sales of Notes. In this regard, it should be noted that the Net Bid Price (described under “– Resale of Notes Through Fundserv”) payable in connection with a resale of Notes would reflect a reduction in respect of an Early Trading Charge, which amount attributes to a selling holder a portion of the fees, costs and other amounts associated with the creation, issuance and maintenance of the Notes subject to such resale.

Purchases by RBC DS

RBC DS or any of its affiliates, associates or successors, may at any time, subject to applicable laws and the policies of any stock exchange on which the Notes may be listed, purchase Notes at any price in the open market or by private agreement.

No Redemption Prior to Maturity

The Notes will not be redeemable by Royal Bank before the Maturity Date.

Resale of Notes Through Fundserv

Holders of Notes wishing to sell Notes prior to the Maturity Date will be permitted to do so using the procedures established to redeem securities through Fundserv commencing the day after the Issue Date. Such sales will be subject to certain procedures, requirements and limitations relating to the Fundserv system. Any other sale of Notes will not be recognized. Holders of Notes wishing to sell all or a part of their holdings should consult with their dealers or financial advisors in advance in order to understand the timing and other procedures, requirements and limitations of selling through the Fundserv system.

RBC DS may, from time to time, purchase and sell Notes but will not be obliged to do so. RBC DS will have the right, in its sole discretion, to cease to offer to purchase or sell Notes. If RBC DS determines to stop facilitating a secondary market for the Notes, holders of Notes may not be able to resell their Notes through the Fundserv system.

To give effect to a sale of Notes through Fundserv, the dealer or financial advisor for a Noteholder must initiate an irrevocable request to “redeem” the applicable Notes in accordance with the then established procedures of Fundserv. The use of Fundserv’s redemption procedures for this purpose is a matter of convenience to give effect to a sale transaction within Fundserv’s existing systems and procedures. Despite this terminology, Notes will not be “redeemed”, but rather Notes will be sold through these procedures to RBC DS. In turn, RBC DS will be able in its discretion to resell such Notes to other third parties at negotiated prices or to hold them for its own account. Noteholders should be aware that, from time to time, the Fundserv “redemption” procedures required to give effect to any resale of Notes may be suspended for any reason without notice, thus effectively preventing Noteholders from selling their Notes. Potential purchasers requiring liquidity should carefully consider this possibility before purchasing Notes.

Generally, to be effective on an Exchange Day, a redemption request will need to be initiated by 2:00 p.m. (Toronto time) on that Exchange Day (or such other time as may be established by Fundserv). Any request received after such time will be deemed to be a request sent and received on the next following Exchange Day.

A sale of a Note will be effected at a sale price (the “**Net Bid Price**”) equal to (i) the Fundserv “closing price” of a Note as of the close of business on the Exchange Day on which the order is placed as posted to Fundserv by RBC DS (in its capacity as Calculation Agent) on the following Exchange Day, minus (ii) any applicable pre-determined reduction amount set out below (similar in concept to a deferred sales charge applied in relation to an early redemption of certain mutual fund securities) (an “**Early Trading Charge**”). Accordingly, a Noteholder will not be able to negotiate a sale price for Notes.

An Early Trading Charge of up to 3.00% of the Principal Amount of a Note will be deducted from the amount received by a holder of Notes as sales proceeds if the Noteholder sells Notes within 180 days of the Issue Date. The specific amount of Early Trading Charge in relation to a resale transaction will be determined as follows:

If Sold Within the Following Number of Days from the Issue Date	Early Trading Charge (% of Principal Amount)
1 - 60 days	3.00%
61 - 120 days	2.50%
121 - 180 days	1.50%
Thereafter	Nil

RBC DS, in its capacity as Calculation Agent, will act as the “fund sponsor” for the purpose of calculating and posting daily a “net asset value” in relation to Notes within Fundserv. It is required to post a “net asset value” for the Notes on a daily basis. The Net Bid Price will represent the price at which RBC DS may offer to purchase Notes from Noteholders in connection with a secondary market transaction. Such price will be determined as of the close of trading on the Principal Exchange for the applicable Exchange Day. There is no guarantee that the Net Bid Price for any day is the highest possible price available in any secondary market for the Notes, but it will represent a bid price generally available to Noteholders as at the relevant close of business, including clients of RBC DS. The Net Bid Price of a Note at any time will generally be dependent on, among other things, (a) how much the closing levels of the Underlying Indices comprising the Portfolio have risen or fallen since the Issue Date, (b) the fact that the Principal Amount and Variable Return, if any, of the Note is only payable on the Maturity Date, and (c) a number of other interrelated factors, including, without limitation, volatility in the closing levels of the Underlying Indices, prevailing interest rates in Canada, the dividend yields on the Constituent Securities comprising the Target Indices, the volatility, or degree to which the prices of the Constituent Securities comprising the Target Indices change, and the time remaining to maturity. The relationship among these factors is complex and may also be influenced by various political, economic and other factors that can affect the trading price of a Note.

The Noteholder may wish to consult his or her investment advisor as to whether it would be more favourable in the circumstances at any time to sell Notes (assuming the availability of a secondary market) or hold Notes until the Maturity Date.

Right of Cancellation

An initial purchaser will have the right to cancel any order to buy Notes within two Business Days after the later of (i) the day on which the agreement to purchase the Notes is entered into and (ii) the day on which this Information Statement is provided to the initial purchaser.

The agreement to purchase the Notes will be entered into (i) if the order to purchase is received via telephone or electronic means, on the day on which the order to purchase is received, and (ii) if the order to purchase is received in person, on the second day following the later of (a) the day on which this Information Statement is provided to the investor and (b) the day on which the order to purchase is received.

Initial purchasers of the Notes will be deemed to have been provided the Information Statement: (i) on the day recorded as the time of sending by the server or other electronic transmission system, if provided by electronic means; (ii) on the day recorded as the time of sending by a fax machine, if provided by fax; (iii) five Business Days after the postmark date, if provided by mail; and (iv) when it is received, in any other case.

Upon cancellation of the order, the initial purchaser is entitled to a refund of the Principal Amount and any fees relating to the purchase that they may have paid. This right to cancel a purchase order does not extend to investors buying a Note in any secondary market. An initial purchaser of the Notes may cancel their purchase order by calling their investment advisor or RBC DS at (800) 280-4434.

Secondary Market Resales

The Principal Amount of each Note is guaranteed only if the Note is held until the Maturity Date. The resale of a Note by the investor in any secondary market could result in an investor receiving less than the Principal Amount.

Governing Law

The Notes, and the terms thereof, will be governed by and construed in accordance with the laws of the Province of Ontario, Canada, and the federal laws of Canada applicable in Ontario.

Further Issuance of Notes

We reserve the right to issue the Notes in additional tranches and may issue other note obligations, including listed note obligations subject to receipt of necessary approvals. Such other note obligations may have terms substantially similar to the terms of the Notes and may be offered by us concurrently with the offering of this or other tranches of Notes.

Notices to Noteholders

We will provide notice to Noteholders of any material events relating to the Notes, including notice of any amendment to the Notes that impacts the amount of return payable in respect of the Notes.

Amendments to the Notes

The Global Note may be amended without the consent of the Noteholders if in our reasonable opinion the amendment would not materially and adversely affect the rights of the Noteholders. In other cases, the Global Note may be amended if the amendment is approved by a resolution passed by the favourable votes of the Noteholders representing not less than 66 2/3% of the outstanding aggregate principal amount of the Notes represented for the purpose of considering the resolution. Each Noteholder is entitled to one vote per \$100.00 of principal amount held for the purpose of voting at meetings convened for this purpose. The Notes do not carry the right to vote in any other circumstances.

Potential Conflicts of Interest

We, our subsidiary, RBC DS, or any of our respective affiliates will perform functions or engage in activities in the course of our normal respective business operations that could adversely impact the value of the Notes, your ability to resell your Notes or the amount or timing of receipt of entitlements under the Notes. For example, Royal Bank and RBC DS may from time to time, in the course of our respective normal business operations, have dealings in the Constituent Securities comprising the Target Indices, or with one or more of the issuers of such securities, which dealings will not take into account the effect, if any, on the closing levels of the Underlying Indices or Noteholders' interests generally.

In addition, we or RBC DS, as our Calculation Agent, will be responsible for determining the amount, if any, of the return payable under the Notes, including the amount of any Alternative Variable Return payable after the occurrence of an Extraordinary Event. We or RBC DS may exercise judgment and discretion in relation to the calculations, determinations, functions and activities undertaken in respect of the Notes from time to time. Whenever we or RBC DS are required to act, we will do so in good faith and our calculations and determinations in respect of the Notes will, absent manifest error, be final and binding on holders of Notes. We will base all such actions on normal commercial criteria in the particular circumstances and we will not take into account the effect, if any, of such actions on the levels of the Underlying Indices, the amount of Variable Return that may be payable on the Notes or Noteholders' interests generally.

Consequently, potential conflicts between the interests of Noteholders and our interests may arise. Neither we nor the Calculation Agent warrant the accuracy or completeness of the information made available with respect to the Constituent Securities comprising the Target Indices or of calculations made in connection with the Notes.

Discontinuance or Modification of an Underlying Index

If the level of an Underlying Index is not calculated and published by its Index Sponsor, but is calculated and publicly announced by another independent authoritative person or independent party acceptable to the Calculation Agent (the “**Third Party**”) appointed as a result of the discontinuance of the calculation of the Underlying Index by the Index Sponsor, the Base Level and Settlement Level (as applicable) will be determined by reference to the closing level of the Underlying Index as so calculated and announced by such Third Party.

If, prior to the determination of the applicable Base Levels or Settlement Levels, we determine in good faith that the Index Sponsor or the Third Party has materially changed the numerical form of, or the method or basis of calculating or reconfiguring, the Underlying Index or in any other way has materially modified the Underlying Index, the Calculation Agent will make such calculations as it may deem appropriate so that the Variable Return due is as near as practicable to that which would have been payable had such change or modification not taken effect.

If at any time the Index Sponsor or the Third Party ceases calculation and dissemination of the Underlying Index, either temporarily or permanently, and does not provide a successor index, we may, at our option, designate another third party equity index to replace the Underlying Index, provided that we reasonably determine that the successor index substantially tracks the market performance of the broad local market in which the Constituent Securities participate subject to appropriate adjustments being made to the terms and provisions of the Notes which the Calculation Agent determines to be necessary or appropriate to preserve the economic value of the Notes as of the effective date of replacement. If at any time Royal Bank is unable to hedge its position in respect of its obligation to make payment of amounts owing under the Notes based on the Underlying Index or the Target Index, including as a result of the general unavailability, discontinuance or suspension of trading on any relevant Principal Exchange or Related Exchange of futures contracts, forward contracts or options contracts related to the Underlying Index, the Target Index or the Constituent Securities, then Royal Bank may, at its option, designate another third party equity index in respect of which it is able to hedge its related obligations to replace the Underlying Index or the Target Index, provided that the requirements applicable to the successor index and the adjustments, each as described in the preceding sentence, shall apply. Otherwise, the Calculation Agent will make such calculations as it may deem appropriate to determine the Variable Return using, to the extent possible, the formula and method of calculating the Underlying Index as of the date it was last so calculated.

Neither we, the Calculation Agent nor any Third Party will be responsible for good faith errors or omissions in calculating or disseminating information regarding the Underlying Index, any successor index thereto or replacement index therefor, or for adjustments or calculations by the Calculation Agent or any Third Party in order to arrive at a calculation of a stock average approximating the Underlying Index, the Percentage Change, or the Variable Return, as applicable.

Deferred Payment

Federal laws of Canada prohibit lenders from entering into an agreement or arrangement to receive interest at an annual percentage rate of interest, calculated in accordance with generally accepted actuarial practices and principles, exceeding 35% of the credit advanced under the agreement or arrangement. This prohibition may not apply, depending on the amount of the credit advanced and, in certain circumstances, the annual percentage rate of interest received by the lender/investor on such credit advanced. To the extent permitted by law, Royal Bank will not voluntarily claim the benefits of any laws concerning usurious rates of interest. If not permitted by law to do so, when any payment is to be made by Royal Bank to a holder of the Notes, payment of a portion of such amount may be deferred to ensure compliance with such laws, if applicable.

CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Royal Bank's counsel, Stikeman Elliott LLP, the following summary fairly describes the principal Canadian federal income tax considerations under the *Income Tax Act* (Canada) (the "**Tax Act**") generally applicable to an initial purchaser of Notes under this Information Statement who, at all relevant times, for purposes of the Tax Act, deals at arm's length with and is not affiliated with Royal Bank (a "**Holder**").

This summary is based upon the current provisions of the Tax Act and the regulations thereunder (the "**Regulations**"), all specific proposals to amend the Tax Act or such Regulations publicly announced by or on behalf of the federal Minister of Finance prior to the date hereof (the "**Proposals**") and counsel's understanding of the current administrative policies and practices of the Canada Revenue Agency ("**CRA**"). Except for the Proposals, this summary does not take into account or anticipate any changes (including retroactive changes) in the law or the administrative policies or practices of the CRA, whether by judicial, regulatory, governmental or legislative action, nor does it take into account tax laws of any province or territory of Canada, or of any jurisdiction outside Canada. Provisions of provincial income tax legislation vary from province to province in Canada and may differ from federal income tax legislation. No assurance can be given that the Proposals will be implemented in their current form, or at all. This summary assumes that the Holder will neither undertake nor arrange a transaction in respect of the Notes primarily for the purpose of obtaining a tax benefit, has not entered into a "derivative forward agreement" (as defined in the Tax Act) in respect of the Notes and that the Notes are not issued at a discount.

This summary is of a general nature only and is not intended to constitute, nor should it be relied upon or construed as, tax advice to any particular Holder, nor is it exhaustive of all possible Canadian federal income tax considerations. Holders should consult their own tax advisors as to the potential consequences to them of the acquisition, ownership and disposition of Notes having regard to their particular circumstances.

Holders Resident in Canada

The following discussion applies to a Holder who, at all relevant times, for the purposes of the Tax Act and any applicable income tax treaty or convention, is an individual (other than a trust) resident in Canada who acquires and holds the Notes as capital property (a "**Resident Holder**"). Certain Resident Holders who might not otherwise be considered to hold their Notes as capital property may, in certain circumstances, be entitled to have their Notes, and all other "Canadian securities" (as defined in the Tax Act) owned by such Resident Holders in the taxation year and all subsequent taxation years, treated as capital property by making the irrevocable election permitted by subsection 39(4) of the Tax Act.

Holding of Notes

A Resident Holder who holds the Notes until maturity (or earlier repayment in full by Royal Bank) will be required to include in computing the Resident Holder's income for the taxation year in which the maturity date (or early repayment) occurs the amount, if any, by which the amount payable at maturity (or early repayment) exceeds the Principal Amount of the Notes at that time except to the extent previously included by the Resident Holder in income.

The Notes will be a "prescribed debt obligation" for the purposes of the Tax Act. In certain circumstances, provisions of the Tax Act require a holder of a prescribed debt obligation to include in income as interest for each taxation year the amount of any interest, bonus or premium receivable in respect of the obligation over its term based on the maximum amount of interest, bonus or premium receivable on the obligation. Counsel's understanding of CRA's current administrative practice is that where the return on a prescribed debt obligation is not determinable, no deemed interest inclusion is required until such time as the return thereon becomes determinable. On the basis of this administrative practice, there should be no deemed interest inclusion on the Notes under the prescribed debt obligation rules prior to the date that the return thereon is determinable, except as described below under "Disposition of Notes" where a Note is transferred otherwise than to Royal Bank. If Royal Bank elects to pay an Alternative Variable Return prior to the Maturity Date as a result of an Extraordinary Event, the full amount of such Alternative Variable Return will be required to be included in the Resident Holder's income as interest in the taxation year of the Resident Holder that the Alternative Variable Return becomes determinable, except to the extent previously included by the Resident Holder in income.

Disposition of Notes

Where a Resident Holder disposes of a Note (other than to Royal Bank on the maturity date or earlier repayment in full), the Tax Act requires the amount of interest accrued on the Note that is unpaid at that time to be included in computing the income of the Resident Holder for the taxation year in which the disposition occurs and excludes such amount from the proceeds of disposition, except to the extent such amount has otherwise been included in computing the income of the Resident Holder for that year or a preceding year. On an assignment or other

transfer of a Note by a Resident Holder (other than to Royal Bank on the Maturity Date), a formula amount will be deemed to have accrued on the Note up to the time of the transfer, so that such amount will be required to be included in the income of the Resident Holder for the taxation year of the Resident Holder in which the transfer occurs. Such formula amount equals the excess, if any, of the price for which it is so transferred over its outstanding principal amount at the time of the transfer.

The Resident Holder should realize a capital loss to the extent that the proceeds of disposition, net of amounts included in income as interest (including any formula amount as described above) and any reasonable costs of disposition, are less than the Resident Holder's adjusted cost base of the Notes. As described above, any gain realized from the disposition of Notes will be included in income and will not give rise to a capital gain. **Resident Holders who dispose of Notes prior to the Maturity Date thereof (or earlier repayment in full by Royal Bank), should consult their own tax advisors with respect to their particular circumstances.**

Treatment of Capital Losses

One-half of any capital loss realized by a Resident Holder in a particular taxation year will constitute an allowable capital loss that must be deducted against taxable capital gains of the Resident Holder realized in such year and may be deductible against taxable capital gains in any of the Resident Holder's three previous taxation years or any subsequent taxation year, subject to and in accordance with the provisions of the Tax Act.

Holders Not Resident in Canada

The following discussion applies to a Holder who, at all relevant times, for the purposes of the Tax Act is neither resident nor deemed to be resident in Canada, deals at arm's length with any Canadian resident (or deemed Canadian resident) to whom the Holder disposes the Notes, is neither a "specified shareholder" of Royal Bank nor a person who does not deal at arm's length with a specified shareholder of Royal Bank for purposes of the "thin capitalization" rule contained in subsection 18(4) of the Tax Act, is not an entity in respect of which Royal Bank or any transferee resident (or deemed to be resident) in Canada to whom the Holder disposes of, loans or otherwise transfers the Notes is a "specified entity", and is not a "specified entity" in respect of such a transferee, in each case, for purposes of the "hybrid mismatch rules" contained in section 18.4 of the Tax Act, does not use or hold and is not deemed to use or hold the Notes in the course of carrying on a business in Canada and is not an insurer carrying on an insurance business in Canada and elsewhere (a "**Non-Resident Holder**").

Interest paid or credited or deemed to be paid or credited on the Notes (including any amount paid at maturity in excess of the principal amount, any amount of Alternative Variable Return paid and interest deemed to be paid in certain cases involving the assignment or other transfer of a Note to a resident or deemed resident of Canada, likely including any formula amount as described above), to a Non-Resident Holder will not be subject to Canadian non-resident withholding tax unless any portion of such interest is contingent or dependent on the use of or production from property in Canada or is computed by reference to revenue, profit, cash flow, commodity price or any other similar criterion or by reference to dividends paid or payable to shareholders of any class of shares of the capital stock of a corporation ("**Participating Debt Interest**"). Having regard to the terms of the Notes and, in particular, that the Constituent Securities include common shares of Canadian corporations engaged in the same or similar business as Royal Bank, and that the Target Indices are computed, in part by reference to dividends on their Constituent Securities, interest paid or credited or deemed to be paid or credited on the Notes may be considered to be Participating Debt Interest, although there is uncertainty on this question. Accordingly, Royal Bank expects that Canadian non-resident withholding tax will be withheld and remitted at the rate of 25% of the gross amount of any interest paid to a Non-Resident Holder (although the rate of this withholding tax may ultimately be reduced pursuant to the terms of an applicable income tax treaty or convention between Canada and the country of residence of the Non-Resident Holder). Non-Resident Holders should consult with their own tax advisors before acquiring Notes.

In addition, in certain circumstances, interest that is paid by a resident of Canada to a non-resident of Canada will be a deemed dividend, and therefore subject to Canadian non-resident withholding tax, where the interest constitutes the deduction component of a "structured arrangement" that is a "hybrid mismatch arrangement", each as defined in subsection 18.4(1) of the Tax Act.

There should be no other taxes on income (including taxable capital gains) payable by a Non-Resident Holder in respect of a Note.

Eligibility for Investment

The Notes, if issued on the date of this Information Statement, would be qualified investments (for purposes of the Tax Act) for trusts governed by registered retirement savings plans ("**RRSPs**"), registered retirement income funds ("**RRIFs**"), tax-free savings accounts ("**TFSAs**"), registered disability savings plans ("**RDSPs**"), first home savings accounts ("**FHSAs**"), registered education savings plans ("**RESPs**") and deferred profit sharing plans ("**DPSPs**"), each within the meaning of the Tax Act (other than a DPSP to which payments are

made by Royal Bank or a corporation or partnership with which Royal Bank does not deal at arm's length within the meaning of the Tax Act).

Notwithstanding the foregoing, if Notes are "prohibited investments" (as that term is defined in the Tax Act) for an RRSP, RRIF, TFSA, RDSP, FHSA or RESP, the annuitant of the RRSP or RRIF, the holder of the TFSA, RDSP or FHSA, or the subscriber of the RESP, as the case may be (each a "**Plan Holder**"), will be subject to a penalty tax as set out in the Tax Act. Notes will be prohibited investments for an RRSP, RRIF, TFSA, RDSP, FHSA or RESP of a Plan Holder who has a "significant interest" (as defined in the Tax Act for purposes of the prohibited investment rules) in Royal Bank or who does not deal at arm's length, within the meaning of the Tax Act, with Royal Bank. Investors should consult their own tax advisors in this regard.

RISK FACTORS

The Notes provide opportunities but may pose risks. You should carefully consider the risks involved in purchasing Notes before reaching a decision and you should discuss with your advisors the suitability of purchasing Notes in light of your particular investment objectives and after reviewing all available information, including the following:

Suitability – The Notes will not constitute deposits that are insured under the *Canada Deposit Insurance Corporation Act*. We make no recommendation as to the suitability of the Notes for your investment purposes.

No return may be payable – It is uncertain how much return, if any, will be payable under the Notes. A holder may only receive the \$100.00 Principal Amount of a Note on the Maturity Date.

Variable Return, if any, will depend on the performance of the Portfolio – Subject to the occurrence of certain Extraordinary Events, return on the Notes, if any, will be calculated based on the positive sum of the Weighted Component Changes in the levels of the Underlying Indices comprising the Portfolio. No assurance can be given that the levels of the Underlying Indices will increase. Noteholders are not entitled to any dividends that may be paid by an issuer of the Constituent Securities.

Returns on the Underlying Indices Are Reduced by the Adjusted Return Factor and will be Lower than Returns on the Target Indices – Since the closing levels of the Underlying Indices are based on the application of the Adjusted Return Factors to daily changes in the closing levels of the Target Indices, the performance of the Underlying Indices will be less than that of the Target Indices or a direct investment in the Constituent Securities. Furthermore, the difference between the Underlying Indices and the Target Indices over a longer period is subject to the effects of compounding returns and, as a result, may be greater or less than the Adjusted Return Factors pro-rated over the same period.

The Adjusted Return Factors are Fixed Point Deductions – The Adjusted Return Factors are fixed point deductions which means that each of the Underlying Indices is based on the daily gross total return performance of the applicable Target Index less a fixed number of points. The Adjusted Return Factor does not vary with the level of the applicable Target Index and, as a result, the Adjusted Return Factor will result in the subtraction of a greater percentage of the level of the applicable Target Index in circumstances where the level of such Target Index decreases over time.

Differences from the Target Indices – Noteholders do not have an ownership interest in the Constituent Securities. The Notes are not equivalent to a direct investment in the Constituent Securities and does not entitle holders of Notes to any interest in such securities, including any right to receive dividends or other distributions. The aggregate annual dividend yield of the Portfolio as of May 15, 2025 was 6.814%. As such, the Notes are subject to different risks than such a direct investment and any return payable under the Notes will not be identical to the return associated with such Constituent Securities.

Secondary Market – The Notes will not be listed on any stock exchange and there is no assurance that a secondary market for Notes will develop or be sustainable. RBC DS may, from time to time, purchase and sell Notes, but will not be obligated to do so. If RBC DS determines, in its sole discretion, to stop facilitating a secondary market for the Notes, holders of Notes may not be able to resell their Notes. If RBC DS offers to purchase Notes in connection with a secondary market transaction, there is no assurance that the purchase price will be the highest possible price available in any secondary market for the Notes and, in particular, any purchase price will be reduced by up to 3.00% of the Principal Amount if the Noteholder sells Notes within 180 days of the Issue Date. The resale price of Notes could be below the \$100.00 Principal Amount per Note. The value of the Notes in any secondary market will be affected by a number of complex and inter-related factors, including the levels of the Underlying Indices (and in this regard it should be noted that any trading value may increase and decrease at a different rate than the levels (which one or more may be negative) of the Underlying Indices comprising the Portfolio; the level of interest rates in Canada; the dividends or other distributions paid on the Constituent Securities; the volatility or degree to which the price of the Constituent Securities changes; and the time remaining until maturity. The effect of any one factor may be offset or magnified by the effect of another factor.

Fundserv – The Notes may only be purchased, settled and otherwise dealt with in accordance with the clearing and settlement procedures and services operated by Fundserv and certain other rules and protocols established with dealers and financial advisors in connection with such services. Only those dealers and financial advisors that have an effective agreement with Royal Bank will be eligible to deal with Notes on behalf of Noteholders.

Extraordinary Events – The occurrence of certain Extraordinary Events may delay the time at which the amount of any return is determined and may allow us the option of crystallizing the amount of return payable and (if positive) paying such amount before maturity. These include events that could have an impact on our ability to perform our obligations under the Notes or to hedge our position in respect of our obligation to make payments under the Notes. In these circumstances, the amount of return payable under the Notes, if any, will be subject to reduction

to reflect the direct or indirect costs of disposing of, terminating, settling, liquidating or otherwise unwinding arrangements to hedge market exposure to the Underlying Indices, the Target Indices or the Constituent Securities.

Potential conflicts of interest – We or our subsidiary, RBC DS (RBC DS is a wholly owned subsidiary of the Royal Bank of Canada), will perform functions or engage in activities that could adversely impact on the value of the Notes, your ability to resell your Notes or the amount or timing of receipt of entitlements under the Notes. For example, Royal Bank and RBC DS may have dealings with one or more of the entities whose Constituent Securities comprise the Target Indices, which dealings will not take into account the effect, if any, on the levels of the Underlying Indices or Noteholders' interests generally. In addition, except in unusual circumstances we or RBC DS, as our Calculation Agent, will be responsible to determine the amount, if any, of the return payable under the Notes, including the amount of any Alternative Variable Return payable after the occurrence of an Extraordinary Event, and may exercise judgment and discretion in relation to the calculations, determinations, functions and activities undertaken in respect of the Notes from time to time. Royal Bank's and RBC DS' calculations and determinations in respect of the Notes will, absent manifest error, be final and binding on holders of Notes. Consequently, potential conflicts between the interests of Noteholders and our interests may arise.

Credit Risk – The Notes will evidence deposit liabilities of Royal Bank (credit ratings: Moody's Aa1; Standard & Poor's AA-; DBRS AA) and will rank equally and rateably with all other deposit liabilities of Royal Bank and by their terms will be fungible. **Noteholders will not have the benefit of any insurance under the provisions of the Canada Deposit Insurance Corporation Act.** The repayment of a Noteholder's Principal Amount and the payment of Variable Return or Alternative Variable Return, as the case may be, if any, are subject to the creditworthiness of Royal Bank.

DEFINITIONS

The following capitalized terms are used frequently in this Information Statement and have the respective meanings set forth below:

“Alternative Variable Return” has the meaning ascribed thereto under *“Payments Under the Notes – Extraordinary Events – Payment Due to an Extraordinary Event”*.

“Base Level” has the meaning ascribed thereto under *“Payments Under the Notes – Calculation of Percentage Change of the Portfolio”*.

“Business Day” means a day on which commercial banks are open for business and able to effect transactions in foreign exchange and foreign currency deposits in Toronto, Canada and a day on which book-entry transfers may be effected through RBC DS. If any date on which any action is otherwise required to be taken in respect of the Notes is not a Business Day, the date on which such action shall be taken shall, except as otherwise indicated, be the next following Business Day and, if the action involves payment of any amount, no interest or other compensation shall be paid as a result of any such delay.

“Calculation Agent” means the calculation agent for the Notes appointed by Royal Bank from time to time. The Calculation Agent initially will be RBC Dominion Securities Inc., whose address is P.O. Box 50, Royal Bank Plaza, 2nd Floor, South Tower, Toronto, Ontario, Canada M5J 2W7; Attention: Global Equity Derivatives.

“CDIC” means Canada Deposit Insurance Corporation.

“Component Weight” has the meaning ascribed thereto under *“Payments Under the Notes – Calculation of Percentage Change”*.

“CRA” means the Canada Revenue Agency.

“Early Trading Charge” has the meaning ascribed thereto under *“Related Matters – Resale of Notes Through Fundserv”*.

“Exchange Day” means, in respect of the Underlying Indices, a day which is (or, but for the occurrence of an Extraordinary Event, would have been) a trading day on each of the Principal Exchanges and Related Exchanges for the Constituent Securities or related contracts, options or instruments, including a day on which trading on such an exchange is scheduled to close prior to its regular closing time.

“Extraordinary Event” means any event, circumstance or cause which Royal Bank determines has or will have a material adverse effect on the ability of Royal Bank to perform its obligations under the Notes or to hedge its position in respect of its obligation to make payment of amounts owing thereunder, including as a result of any of Royal Bank’s internal policies, and more specifically includes the following events to the extent that they have such effect:

- (a) the occurrence or existence on any Exchange Day during the one-half hour period that ends at the close of trading of any suspension of or limitation on trading (by reason of movements in price exceeding limits permitted by the relevant Principal Exchange or otherwise) on the relevant Principal Exchange in securities that comprise 20% or more of the level of a Target Index or a general limitation on prices for such Constituent Securities of the applicable Target Index on any Principal Exchange;
- (b) the closure on any Exchange Day (or a day that would be an Exchange Day) of the Principal Exchange or Related Exchange prior to its scheduled closing time unless such earlier closing time is announced by such exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such exchange for such day and (ii) the submission deadline for orders to be entered into such exchange's system for execution at the close of trading on such day;
- (c) any event (other than a closure described in (b)) that disrupts or impairs (as determined by Royal Bank) the ability of market participants in general (i) to effect transactions, or obtain market values, on the Principal Exchange or Related Exchange or (ii) to effect transactions in, or obtain market values for, futures, forward or options contracts on the Principal Exchange or Related Exchange;
- (d) the failure of the Principal Exchange or Related Exchange to open for trading during its regular trading session on any Exchange Day (or a day that would be an Exchange Day);
- (e) a suspension, absence or material limitation of trading in futures contracts, forward contracts or options contracts related to an Underlying Index, the applicable Target Index or the Constituent Securities comprising such Target Index on any relevant Principal Exchange or Related Exchange or a limitation on trading in futures, forward or options contracts on any relevant Principal Exchange or Related Exchange on any one day by reason of movements in prices that exceed the level permitted by such exchanges;

- (f) the enactment, publication, decree or other promulgation of any statute, regulation, rule or order of any court or other government authority which would make it unlawful or impracticable for Royal Bank to perform its obligations under the Notes or for dealers to execute, maintain or modify a hedge in a position in respect of an Underlying Index or a Target Index;
- (g) the taking of any action by any governmental, administrative, legislative or judicial authority or power of Canada or any country, or any political subdivision thereof, which has a material adverse effect on the financial markets of Canada or a country in which any applicable Principal Exchange or Related Exchange is located;
- (h) any outbreak or escalation of hostilities or other national or international calamity or crisis (including, without limitation, natural calamities) which has or would have a material adverse effect on the ability of Royal Bank to perform its obligations under the Notes or of a dealer to execute, maintain or modify a hedge of a position with respect to the applicable Underlying Index or the applicable Target Index or a material and adverse effect on the economy of Canada or the trading of securities, contracts or other instruments generally on a Principal Exchange or Related Exchange; or
- (i) a Hedging Event.

For the purpose of determining whether an Extraordinary Event exists at any time, a limitation on the hours or number of days of trading shall not constitute an Extraordinary Event if it results from an announced change in the regular business hours of a Principal Exchange or a Related Exchange, and an “absence” or “limitation on trading” of or on such Principal Exchange or Related Exchange will not include any time when such Principal Exchange or Related Exchange itself is closed for trading under ordinary circumstances.

“**Final Valuation Date**” means June 12, 2030.

“**Fundserv**” means Fundserv Inc. and its successors.

“**Global Note**” has the meaning ascribed thereto under “*Related Matters – Registration*”.

“**Hedging Event**” means the occurrence of an event that has a material adverse effect on Royal Bank’s ability to place, maintain or modify any hedge, including without limitation:

- (a) the adoption of or any change in any applicable law or regulation (including tax law), or the promulgation or any change in the interpretation by any court, tribunal or regulatory authority of any applicable law or regulation (including by a taxing authority);
- (b) the termination or material amendment of any hedging contract with a third party;
- (c) the inability of Royal Bank after using commercially reasonable efforts, to acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction or asset for hedging its price risk, or realize, recover or remit the proceeds of any such transaction or asset, including as a result of the application of Royal Bank’s internal policies; or
- (d) a material increase in the amount of tax, duty, expense or fee to acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction or asset for hedging its price risk or realize, recover or remit the proceeds of any such transaction or asset.

“**Holder**” has the meaning ascribed thereto under “*Canadian Federal Income Tax Considerations*”.

“**Index Sponsor**” means Solactive AG and its successors.

“**Initial Valuation Date**” means June 12, 2025.

“**Issue Date**” means on or about June 18, 2025.

“**LEOS®**” means LEOS (Liquid Equity Option-linked notes)®.

“**Maturity Date**” means on or about June 17, 2030.

“**Net Bid Price**” has the meaning ascribed thereto under “*Related Matters – Resale of Notes Through Fundserv*”.

“**Non-Resident Holder**” has the meaning ascribed thereto under “*Canadian Federal Income Tax Considerations*”.

“**Note**” or “**Notes**” has the meaning ascribed thereto under “*Summary*”.

“**Noteholders**” has the meaning ascribed thereto under “*Related Matters – Registration*”.

“**Participating Debt Interest**” has the meaning ascribed thereto under “*Canadian Federal Income Tax Considerations*”.

“Participation Rate” has the meaning ascribed thereto under *“Payments Under the Notes – Calculation of Variable Return”*.

“Paying and Transfer Agent” means the paying and transfer agent for the Notes appointed by us from time to time. The Paying and Transfer Agent will initially be RBC Dominion Securities Inc. whose address is P.O. Box 50, Royal Bank Plaza, 6th Floor, South Tower, Toronto, Ontario, Canada M5J 2W7; Attention: National Operations.

“Payment Amount” has the meaning ascribed thereto under *“Payments Under the Notes – Payment Amount on Maturity”*.

“Percentage Change” has the meaning ascribed thereto under *“Payments Under the Notes – Calculation of Percentage Change”*.

“Plan Holder” has the meaning ascribed thereto under *“Canadian Federal Income Tax Considerations”*.

“Portfolio” has the meaning ascribed thereto under *“Summary”*.

“Principal Amount” means \$100.00 per Note.

“Principal Exchange” means, in relation to an Underlying Index, any stock exchange or quotation system on which Constituent Securities of the applicable Target Index are listed.

“Proposals” has the meaning ascribed thereto under *“Canadian Federal Income Tax Considerations”*.

“RBC DS” means RBC Dominion Securities Inc. and its successors and assigns.

“Regulations” has the meaning ascribed thereto under *“Canadian Federal Income Tax Considerations”*.

“Related Exchange” means, in relation to an Underlying Index, is an exchange in respect of which futures contracts, forward contracts or options contracts are traded in respect of such Underlying Index, the Target Index or the Constituent Securities comprising the applicable Target Index and through which Royal Bank expects to effect, directly or indirectly, transactions to hedge its position in respect of the Notes.

“Resident Holder” has the meaning ascribed thereto under *“Canadian Federal Income Tax Considerations”*.

“Royal Bank” means Royal Bank of Canada and its successors and assigns.

“Settlement Level” has the meaning ascribed thereto under *“Payments Under the Notes – Calculation of Percentage Change”*.

“Target Index” and **“Target Indices”** has the meaning ascribed thereto under *“Summary”*.

“Tax Act” has the meaning ascribed thereto under *“Canadian Federal Income Tax Considerations”*.

“Third Party” has the meaning ascribed thereto under *“Related Matters – Discontinuance or Modification of an Underlying Index”*.

“TSX” means the Toronto Stock Exchange and its successors.

“Underlying Index” and **“Underlying Indices”** has the meaning ascribed thereto under *“Summary”*.

“Underlying Index Level Change” has the meaning ascribed thereto under *“Payments Under the Notes – Calculation of Percentage Change of the Portfolio”*.

“Variable Return” has the meaning ascribed thereto under *“Payments Under the Notes – Calculation of Variable Return”*.

“Weighted Component Change” has the meaning ascribed thereto under *“Payments Under the Notes – Calculation of Percentage Change of the Portfolio”*.

SCHEDULE A – DISCLOSURE FOR SALES IN PERSON OR BY TELEPHONE

Term of the Notes

The Notes mature and the Principal Amount of the Notes will be repaid on or about June 17, 2030 for a term to maturity of about 5 years. All amounts payable in respect of the Notes will be made available by Royal Bank in book entry form through RBC DS.

How Return on the Notes is Calculated

The Notes are linked to the performance of an equally weighted Portfolio consisting of the Underlying Indices. Each of the Underlying Indices are adjusted return indices which aim to track the gross total return performance of their respective Target Index subject to a reduction of a synthetic dividend based on the respective Target Index's fixed number of index points per annum (the "**Adjusted Return Factors**"). Each of the Target Indices is a gross total return index that reflects the price changes of its Constituent Securities. **For the avoidance of doubt, Variable Return on the Notes is linked to the Portfolio, which consists of the Underlying Indices and is not linked to the Target Indices or the Constituent Securities.** The Notes are not equivalent to a direct investment in the Constituent Securities that comprise the Target Indices and do not represent an interest in the Underlying Indices, the Target Indices or in the Constituent Securities that comprise the Target Indices, and holders will have no right or entitlement to such Constituent Securities including, without limitation, redemption rights (if any), voting rights or rights to receive dividends or other distributions paid on such Constituent Securities. The Variable Return on the Notes, if any, will be calculated based on any increase in the level of the Portfolio, measured from the official closing levels of the Underlying Indices on the Initial Valuation Date to the official closing levels of the Underlying Indices on the Final Valuation Date. If the sum of the Weighted Component Changes is zero or negative, return on the Notes will be deemed to be zero. If the sum of the Weighted Component Changes is positive, the Percentage Change of the Portfolio will be equal to the sum of the Weighted Component Changes and Variable Return payable on a Note will be equal to the Principal Amount times the Percentage Change times the Participation Rate of 245.00%. Return on the Notes, if any, will be paid at the end of the term of the Notes, unless an Extraordinary Event occurs, in which case Alternative Variable Return may be paid prior to maturity. The aggregate annual dividend yield of the Portfolio as of May 15, 2025 was 6.814%.

Fees and Expenses

Selling agents who sell the Notes will receive an initial selling commission of 2.50% of the \$100.00 Principal Amount of each Note. This fee will not affect the amount of return payable under the Notes. If an Extraordinary Event occurs, we may incur expenses unwinding any hedge position in respect of our obligation to make payments under the Notes, which could reduce the amount of return otherwise payable on the Notes.

Risk Factors

Risks of owning the Notes include the following:

- the Notes may not be a suitable investment for all investors;
- no return may be payable in respect of the Notes;
- the return will depend on the performance of the Underlying Indices;
- since there is no limit on the negative performance of any Underlying Index comprising the Portfolio, weak performance in one or more of the Underlying Indices may offset the positive performance in the other Underlying Indices resulting in no Variable Return being payable in respect of the Notes;
- returns on the Underlying Indices are reduced by their respective Adjusted Return Factor and will be lower than returns on the applicable Target Index;
- the difference between the Underlying Indices and the Target Indices over a longer period is subject to the effects of compounding returns and, as a result, may be greater or less than the Adjusted Return Factors pro-rated over the same period;
- the Adjusted Return Factors are fixed point deduction which means that the applicable Underlying Index is based on the daily gross total return performance of the applicable Target Index less a fixed number of points;
- the Adjusted Return Factors do not vary with the level of the applicable Target Index and, as a result, the Adjusted Return Factors will result in the subtraction of a greater percentage of the level of the applicable Target Index in circumstances where the level of the applicable Target Index decreases over time;
- Noteholders have no direct ownership interest in the Constituent Securities;
- a secondary market for the Notes may not develop or be sustainable;
- the Notes may be purchased, settled and cleared only through Fundserv's facilities;

- the occurrence of an Extraordinary Event could affect the return, if any, payable on the Notes or result in a payment of Alternative Variable Return prior to maturity;
- we or RBC DS may engage in activities that could adversely impact the Notes; and
- the repayment of a Noteholder's Principal Amount and the payment of Variable Return or Alternative Variable Return, as the case may be, if any, are subject to the creditworthiness of Royal Bank. **Noteholders will not have the benefit of any insurance under the provisions of the Canada Deposit Insurance Corporation Act.**

Tax Considerations

Potential Canadian income tax consequences for investors in Notes are described in the Information Statement under “*Canadian Federal Income Tax Considerations*”.

Investors should, however, consider the following:

- all entitlements to receive interest, if any, on the Notes (including Alternative Variable Return) should be included in an individual Noteholder's income for the taxation year in which the amount of such interest entitlement becomes calculable; and
- any gain realized from the disposition of Notes on maturity and any gain on a transfer of Notes before maturity likely will be included in income and likely will not give rise to a capital gain.

This summary is not intended to constitute, nor should it be relied upon as, tax advice to any particular Noteholder. All Noteholders should consult their own tax advisors with respect to their tax positions and the tax consequences of holding Notes.

Differences from Conventional Fixed Rate Investments

The Notes are different from conventional fixed rate investments. The Notes will not provide Noteholders with a regular income stream prior to maturity or a return at maturity that is calculated by reference to a fixed or floating rate of interest that is specified prior to maturity. Variable Return on the Notes, if any, unlike the return on many other deposit liabilities of Canadian banks and other fixed rate investments, is uncertain in that if the Settlement Levels of the Underlying Indices in the equally weighted Portfolio does not increase over the term of the Notes, no return will be payable on the Notes. There is no assurance that the level of the Underlying Indices will increase over the term of the Notes and there is therefore no assurance that a Noteholder will receive any amount other than a repayment of the Principal Amount at maturity.

Secondary Market

RBC DS intends to take steps to establish a secondary market for the Notes. The price paid to a Noteholder in connection with any resale made during the first 180 days will reflect a predetermined Early Trading Charge of up to 3.00%. The Notes will not be listed on any stock exchange and may only be dealt with through Fundserv. Despite the intention of RBC DS to take steps to establish a secondary market for the Notes, RBC DS reserves the right, without providing prior notice to Noteholders, to choose not to do so in its sole discretion.

Secondary Market Resales

The Principal Amount of each Note is guaranteed only if the Note is held until maturity. The resale of a Note by the investor in any secondary market could result in the investor receiving less than the Principal Amount invested.

Right of Cancellation

The investor will have the right to cancel any order to buy Notes within two Business Days after the later of (i) the day on which the agreement to purchase the Notes is entered into and (ii) the day on which this Information Statement is provided to the initial purchaser. The purchaser may exercise this right by contacting their investment advisor or RBC DS.

Suitability of the Notes for Investment Purposes

The Notes may be suitable for investors:

- who want to protect their principal investment until maturity;
- looking for the potential to earn an enhanced return over fixed rate investments and who are prepared to assume the risks associated with an investment in the Portfolio comprised of the Underlying Indices which are not price return indices and instead, aims to track the gross total return performance of the Target Indices less the Adjustment Factors; and

- with a long-term investment horizon who are prepared to hold the Notes until maturity.

Non-CDIC Protected

The Notes will not constitute deposits that are insured under the *Canada Deposit Insurance Corporation Act*.

No Early Redemption by Royal Bank

The Notes will not be redeemable by Royal Bank before the Maturity Date.

Availability of Information

Detailed information about the Notes, including a copy of the Information Statement, will be posted at www.rbcnotes.com and will be provided in writing on request from RBC DS at (800) 280-4434.

Certain additional information regarding the Notes will also be provided on an ongoing basis at www.rbcnotes.com, including (i) the most recent bid price for the Notes and any applicable Early Trading Charge, and/or (ii) the last available measure that would be used to determine the Variable Return.

Amendments to the Notes

The Global Note may be amended without the consent of the Noteholders if in our reasonable opinion the amendment would not materially and adversely affect the rights of the Noteholders. In other cases, the Global Note may be amended if the amendment is approved by the Noteholders representing not less than 66 2/3% of the outstanding aggregate principal amount of the Notes represented at such vote.

Potential Conflicts of Interest

Royal Bank or its subsidiary, RBC DS, will perform functions or engage in activities in the course of their normal respective business operations that could adversely impact the value of the Notes, your ability to resell your Notes or the amount or timing of receipt of entitlements under the Notes.

Royal Bank or RBC DS, as Calculation Agent and/or as market maker for the Notes, may have financial interests that differ from and may be adverse to those of the Noteholders.
